

Session Program

9-11 Oct 2006

Flavour in the era of the LHC, 4th meeting

WG3, Wednesday morning

CERN

Wednesday 11 October

09:00

WG3, Wednesday morning

Session | Location: CERN, 60/6-002

09:00-09:25

Prospects for a Muon to Electron Conversion Experiment at Fermilab

Speaker

Jim Miller

09:30-09:55

Search for $B \rightarrow \mu + e$ with LHCb

Speaker

Walter Bonivento

10:00-10:25

How can CP phases contribute to LFV processes ?

Speaker

Dr Tetsuo Shindou

10:30-10:55

Neutrino Masses and Mixing in Split Supersymmetry

Speaker

Dr Marco Aurelio Diaz

11:00-11:30

break

11:30-13:00

Discussion of the Yellow Book contribution

13:30
