

# CHARM 2016

## Thursday, 8 September 2016

### Charmonium and Exotics Production and Spectroscopy - Sala Bolognini (09:00 - 10:30)

-Conveners: Nora Brambilla

time	[id] title	presenter
09:00	[81] Introduction to charmonium and exotic physics	Dr PILLONI, Alessandro
09:30	[82] Lattice QCD prospects on charmonium and exotics	RYAN, Sinead
10:00	[83] Charmonia and Exotics from LHC: spectroscopy and production	AUGUSTO ALVES JUNIOR, Antonio

### Charmonium and Exotics Production and Spectroscopy - Sala Bolognini (11:00 - 13:00)

-Conveners: Nora Brambilla

time	[id] title	presenter
11:00	[84] X, Y, Z with effective field theories	BRAMBILLA, Nora
11:30	[85] Charmonia and Exotics from B-factory: spectroscopy and production	PAKHLOVA, Galina
12:00	[86] Charmonia and Exotics from BESIII: spectroscopy and production	LIANG, Yutie
12:30	[87] Charm production at HERA, proton structure, the charm mass, and Higgs Yukawa couplings	GEISER, Achim
