

## Session Program

22-27 Sept 2016

## Hard Probe 2016

### ***Parallel Session III: High $p_T$ Correlations (I)***

East Lake International Conference Center  
Donghu Road 142, Wuchang District, Wuhan, Hubei, China

# Saturday 24 September

14:00

## Parallel Session III: High $p_T$ Correlations (I)

**Session** | **Location:** East Lake International Convention Center, Shi-Yan Hall | **Convener:** Peter Levai

**14:00-14:20** PHENIX results on direct photon-hadron correlations

**Speaker**  
Huijun Ge

**14:20-14:40** Jet-induced medium excitation in heavy-ion collisions

**Speaker**  
Wei Chen

**14:40-15:00** Z-Jet Correlations in pp and PbPb collisions at 5.02 TeV with CMS

**Speaker**  
Kaya Tatar

**15:00-15:20** Effect of collisional energy loss on particle correlations in AMPT

**Speaker**  
Fuqiang Wang

**15:20-15:40**

**Measurement of D-meson triggered correlations in p+p collisions at RHIC**

**Speaker**  
Long Ma

15:40
