

- Our pledges for 2016
 - CPU (HEPSPEC06): 52,000
 - Disk (TB): 4,700
 - Tape (TB): 11,600
- Deployment plans
 - CPU and disk capacity is already installed and in production
 - Will adjust space tokens for disk space in the coming days
 - We are now inserting the LTO-6 tapes to bring our capacity close to 12 PB
 - This is being done transparently in background and completed in next 1-2 weeks
- No deploys or impact on operations
