

## Session Program

15-16 Jun 2009

## 3rd LHC Detector Alignment Workshop

### ***LHC Experience with first data: Cosmics and first beam III***

CERN, 40-S2-A01

# Monday 15 June

16:00

## LHC Experience with first data: Cosmics and first beam III

Session | Location: CERN, 40-S2-A01

16:00–16:20

### Status of the ALICE Muon Spectrometer alignment

**Speaker**

Javier Castillo Castellanos

16:25–16:55

### ATLAS Muon spectrometer alignment (hardware and cosmics)

**Speaker**

Christoph Amelung

17:00–17:15

### Hardware-based alignment of the CMS muon system

**Speaker**

Gervasio Gomez

17:20–17:35

### Alignment of the CMS muon system with beam halo and cosmic muon tracks

**Speaker**

Dr Jim Pivarski

17:40–17:55

### LHCb Muon detector alignment with cosmics

**Speaker**

Silvia Pozzi

18:00
