

Session Program

15-16 Jun 2009

3rd LHC Detector Alignment Workshop

LHC Experience with first data: Cosmics and first beam II

CERN, 40-S2-A01

Monday 15 June

14:00

LHC Experience with first data: Cosmics and first beam II

Session | Location: CERN, 40-S2-A01

14:00–14:15

CMS Tracker alignment strategy with cosmic muons

Speaker

Andrei Gritsan

14:20–14:35

CMS Tracker alignment results with cosmic muons

Speaker

Ernesto Migliore

14:40–15:05

LHCb silicon detector alignment with first LHC beam induced track

Speaker

Christophe Salzmann

15:10–15:25

LHCb T-station detectors alignment with cosmics

Speaker

Marc Deissenroth

15:30
