

Session Program

15-16 Jun 2009

3rd LHC Detector Alignment Workshop

Impact of Misalignment on Physics II

CERN, 40-S2-A01

Tuesday 16 June

11:00

Impact of Misalignment on Physics II

Session | Location: CERN, 40-S2-A01

11:00-11:25

Impact of misalignment on track and heavy-flavour reconstruction with the Alice Detector

Speaker

Andrea Dainese

11:30-11:45

CMS alignment implications for physics performance

Speaker

Nhan Tran

11:50-12:05

Impact of Tracker Misalignment on the CMS b-Tagging Performance

Speaker

Mr Christophe Saout

12:10-12:35

Impact of misalignment on beauty physics at LHCb

Speaker

Eduardo Rodrigues

12:35
