

Session Program

15-16 Jun 2009

3rd LHC Detector Alignment Workshop

Alignment framework & integration into overall calibration scheme

CERN, 40-S2-A01

Tuesday 16 June

14:00

Alignment framework & integration into overall calibration scheme

Session | Location: CERN, 40-S2-A01

14:00–14:15

ALICE Integration of the alignment in the general calibration strategy

Speaker

Cvetan Cheshkov

14:20–14:45

ATLAS Atlas Alignment framework and integration

Speaker

Andrea Formica

14:50–15:15

Integration of Alignment in Overall CMS Calibration Workflow

Speaker

Gero Flucke

15:20–15:40

The LHCb alignment and alignment monitoring framework

Speaker

Johan Blouw

15:40
