Using the OSG CEs with (iLC)Dirac

OSG Computing Elements (HTCondor-CE, Globus) fully integrated in DIRAC

- Minimal effort for Dirac instance administrators to use HTCondor-CEs or Globus CEs
- For HTCondor-CEs: Just need to run `condor_master` on DIRAC server
- Completely transparent to end users
- HTCondor-CEs used in ILC-VO since December 2015, Globus CEs since July 2015, approximately 20% of ILC-VO resources
