

# Application of econometric and ecology analysis methods in physics software

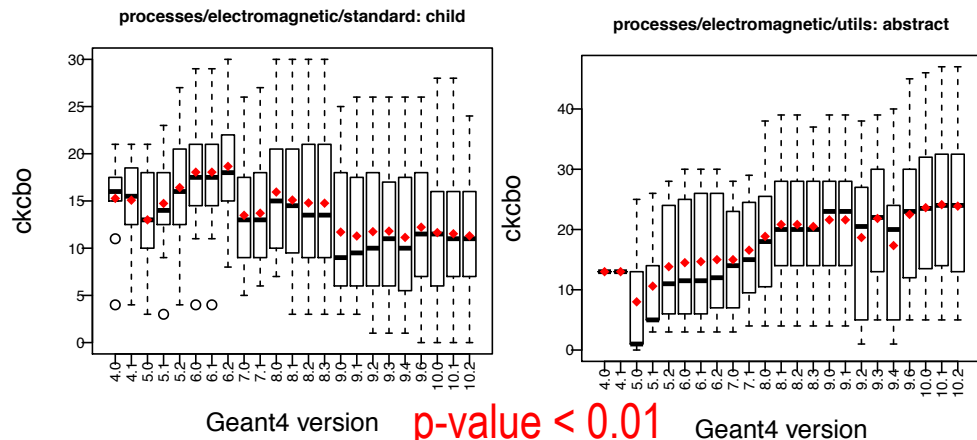

Maria Grazia Pia, *INFN Genova, Italy*, M. C. Han, G. Hoff, C. H. Kim, S. H. Kim, E. Ronchieri,

Trend  
Inequality  
Diversity  
Concentration  
Changepoint  
...

## Software quality trend

Trend of coupling between objects over Geant4 evolution

## Trend of physics model compatibility with experiment

p-value < 0.01

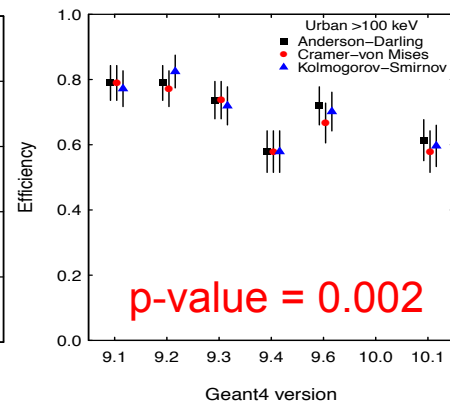

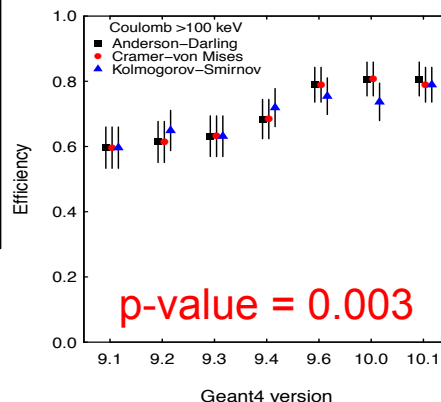

Leaf

$H_1$ : downward

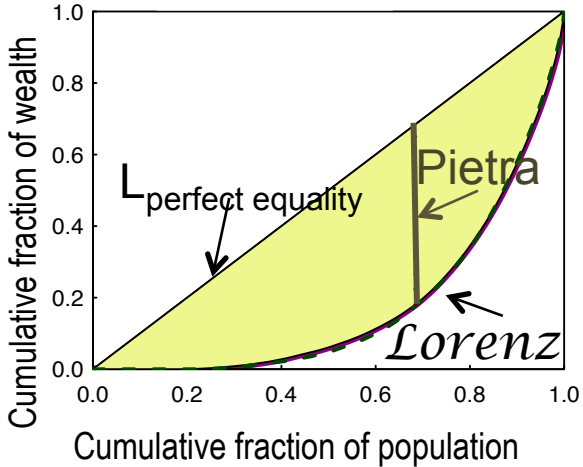

$H_0$ : random

Abstract

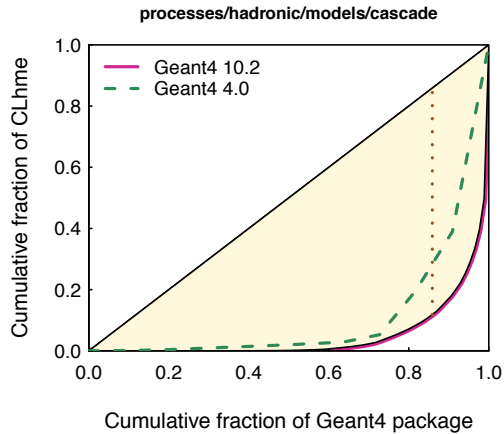

$H_1$ : upward

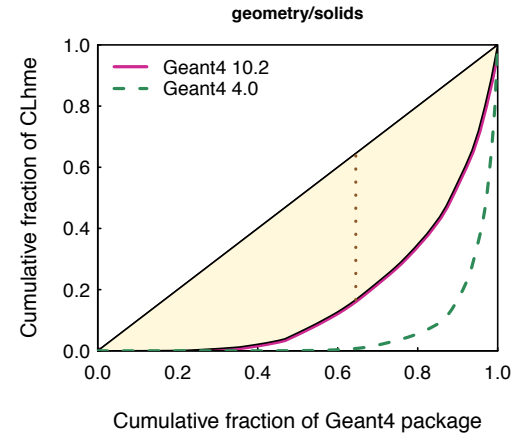

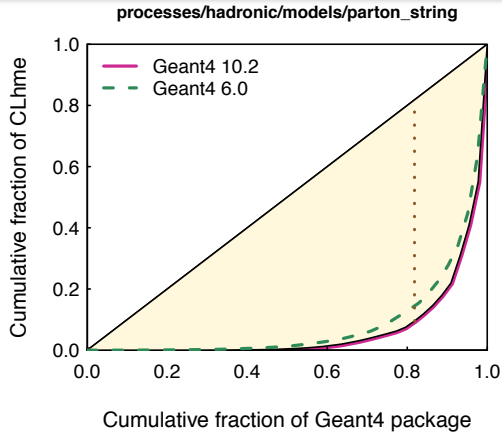

# Inequality measures

Maria Grazia Pia, *INFN Genova*

# concentrated software complexity

# evolution of concentration
