Highlights

of poster-365: Applications of StoRM+Lustre storage system
in IHEP's distributed computing
by Dr. Tian Yan, et al.

- A brief introduction of IHEP's distributed computing environment.

- The motivation of deploying StoRM+Lustre storage system.

- The architecture of the distributed computing system with StoRM+Lustre as central storage.

- The result of the performance test.

- The status of this storage system in data production.
