

# Towards a next space probe for CMB observations and cosmic origins exploration

## Tuesday 17 May 2016

**Beyond the primary CMB: Beyond the primary CMB - 222/R-001 (14:00 - 16:00)**

| time  | [id] title  | presenter            |
|-------|---|----------------------|
| 14:00 | [13] Spectral-spatial distortions (15'+5)                         | CHLUBA, Jens         |
| 14:20 | [14] Galactic magnetic fields (15'+5)                             | BOULANGER, François  |
| 14:40 | [15] Extragalactic sources (15'+5)                                | DE ZOTTI, Gianfranco |
| 15:00 | [16] Cross-correlation science and cosmic velocity flows(20'+10') | FERRARO, Simone      |
| 15:30 | [18] Remotely: Synergy with LSS probes (20'+10')                  | KITCHING, Thomas     |
