

Session Program

4 April 2016 to 4 May 2016

RA2/b Workshop 2016

Session 10

Mitchell Institute for Fundamental Physics, Texas A&M University, M108
University Ave and Ireland Street College Station, TX 77845

Wednesday 6 April

11:00

Session 10: New ideas 4

Session |**Location:** Mitchell Institute for Fundamental Physics, Texas A&M University, M108, University Ave and Ireland Street
College Station, TX 77845

11:00–11:45

Comparison of SUSY observables

Speaker

Nhan Viet Tran

11:45–12:30

RA2/b + photon

Speaker

Andrew James Whitbeck

12:30
