Who?

Giovanni Porcellana

- Nuclear Engineer
- 28 years young
- From Turin, Italy

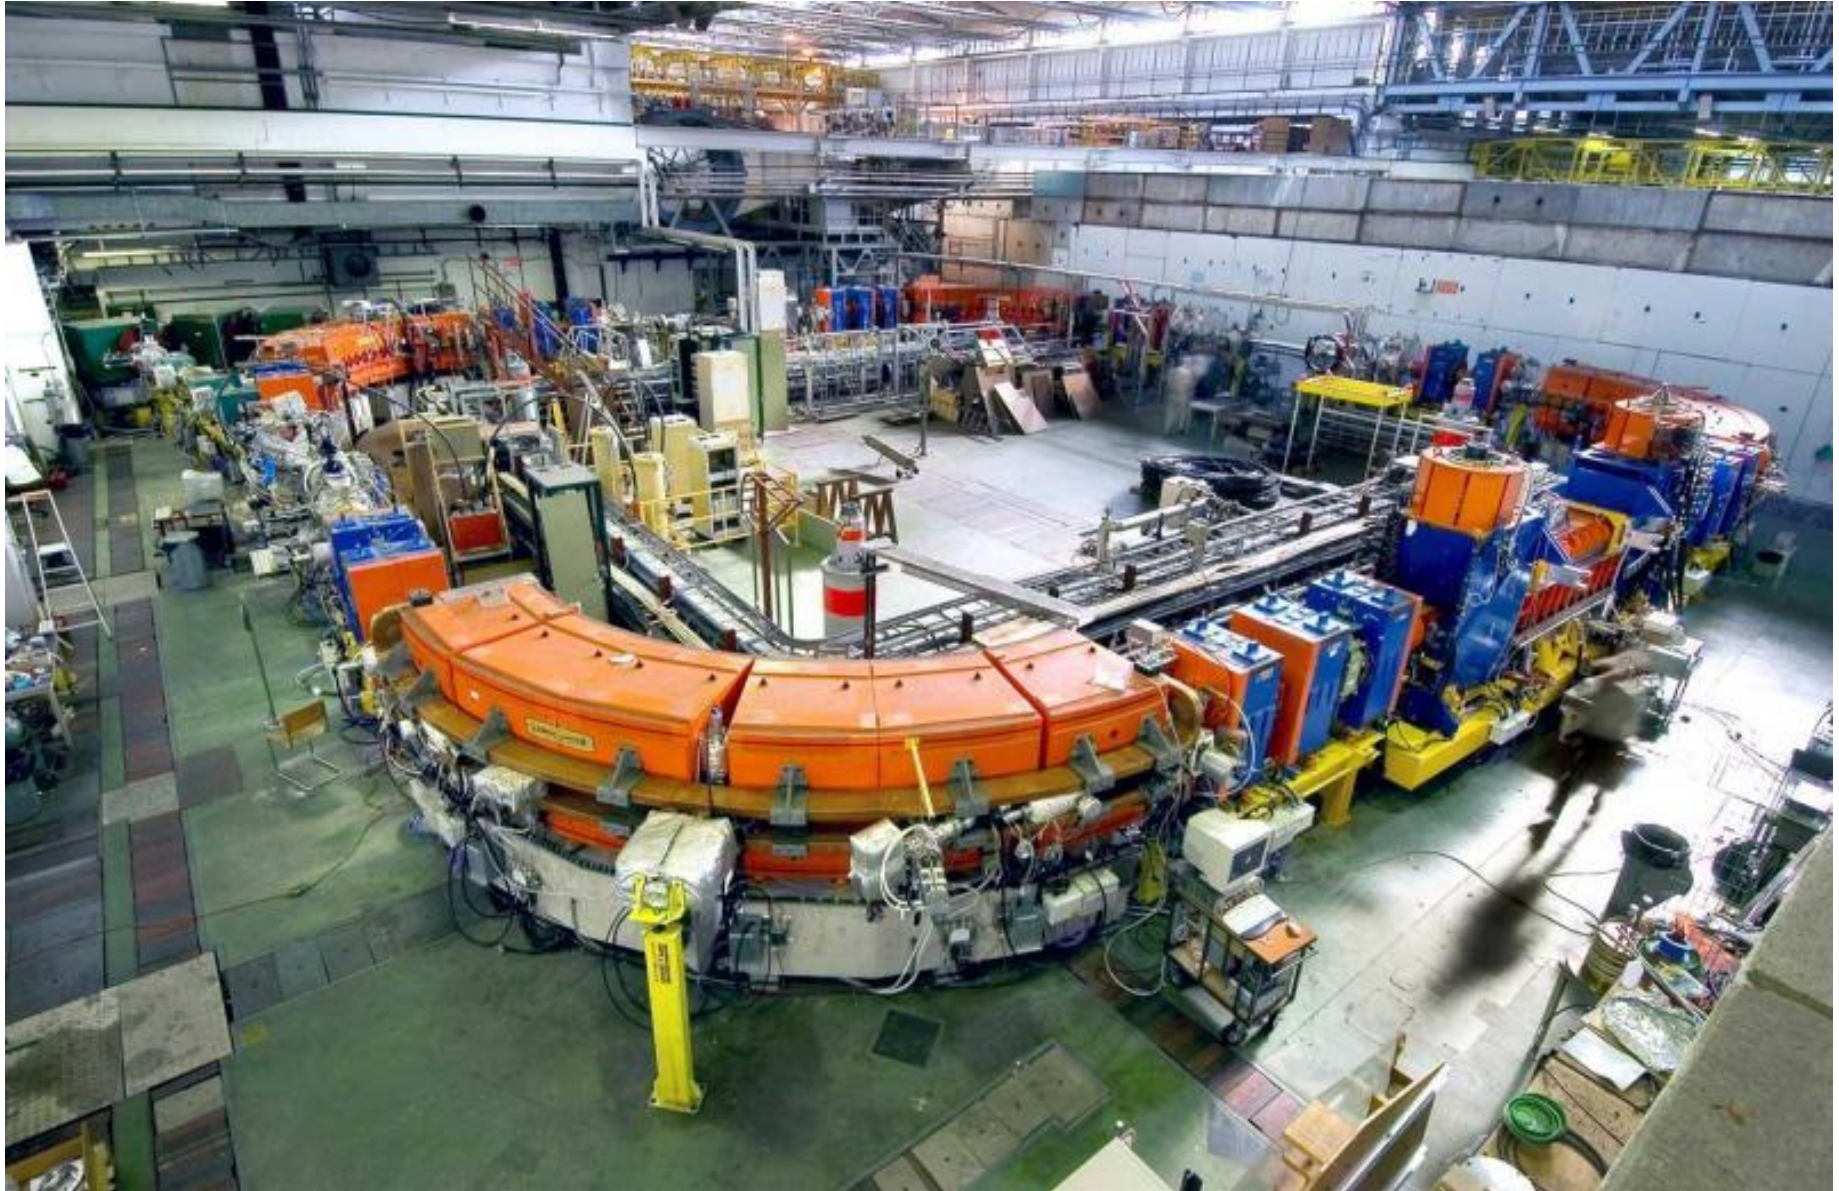

What (and where)?

TERA Foundation (before) and CERN (now)

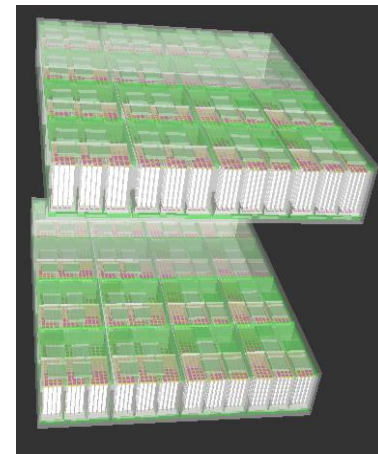

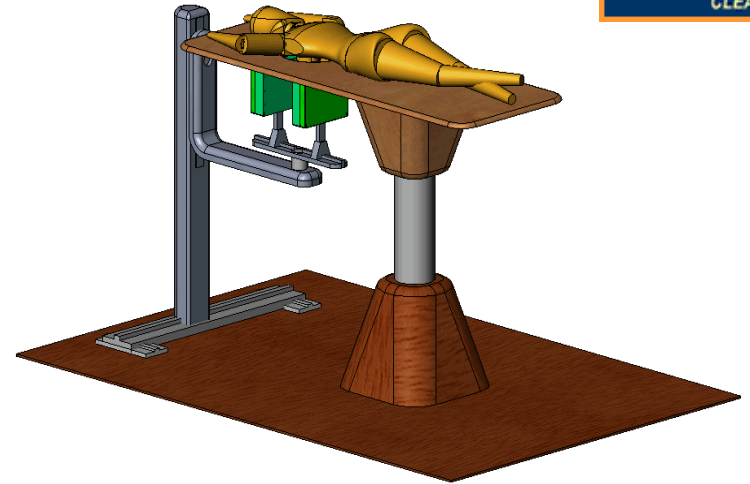

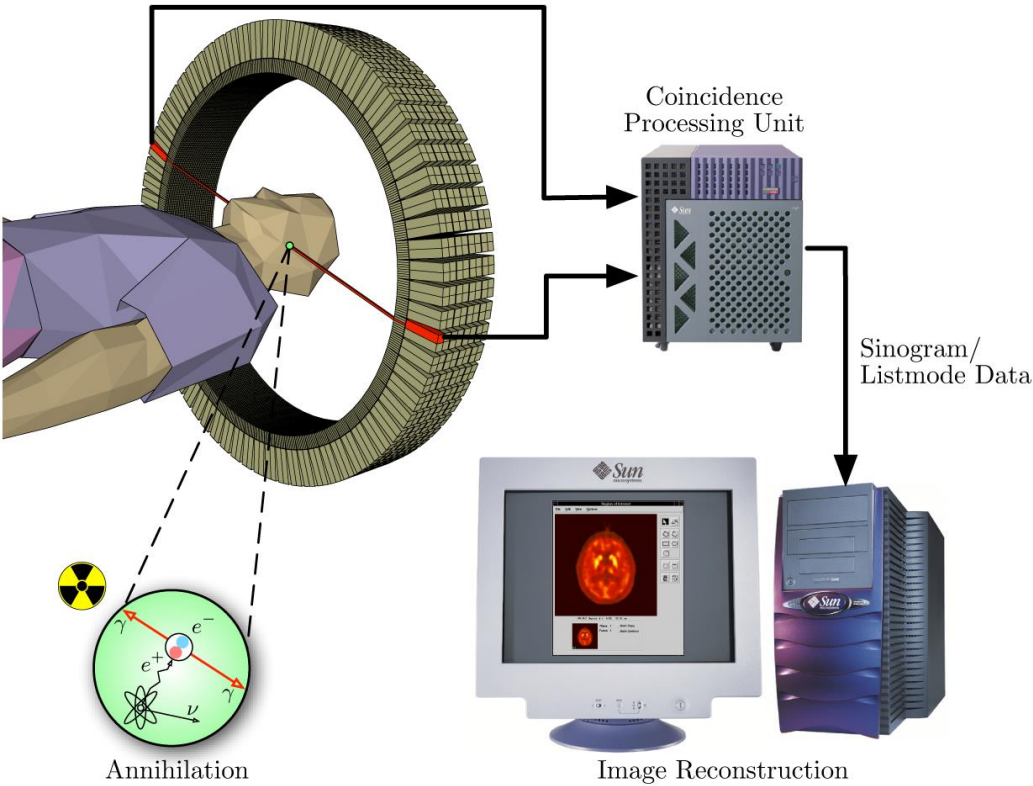

- Medical Applications
- Accelerators for hadrontherapy
- Outreach
- ...

BioLEIR

PET Technologies

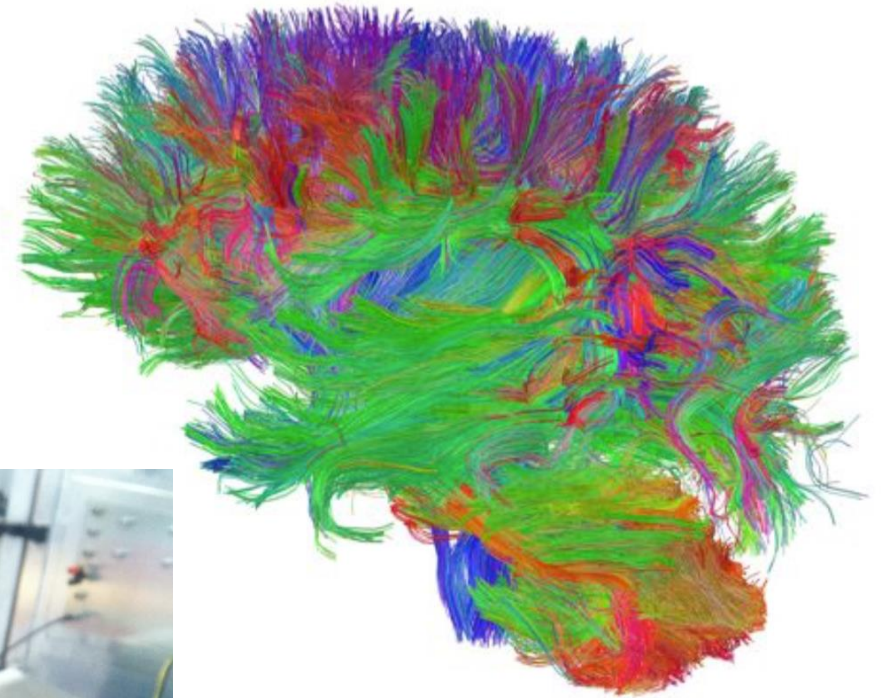

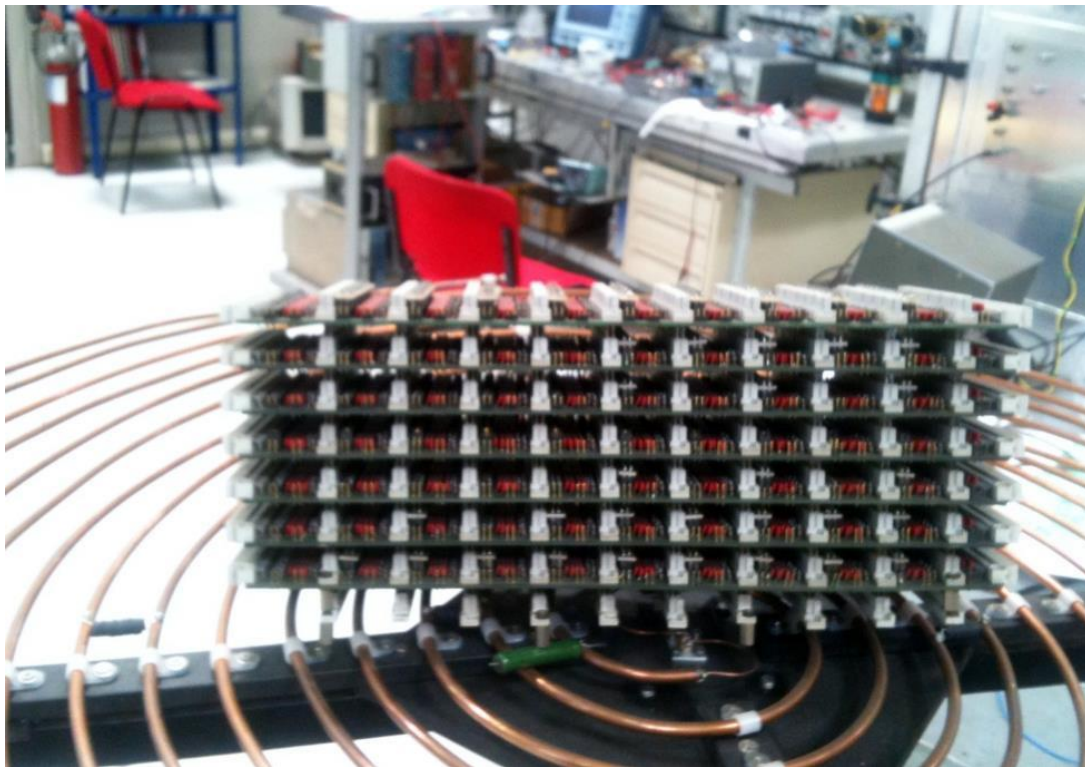

Hadron Therapy

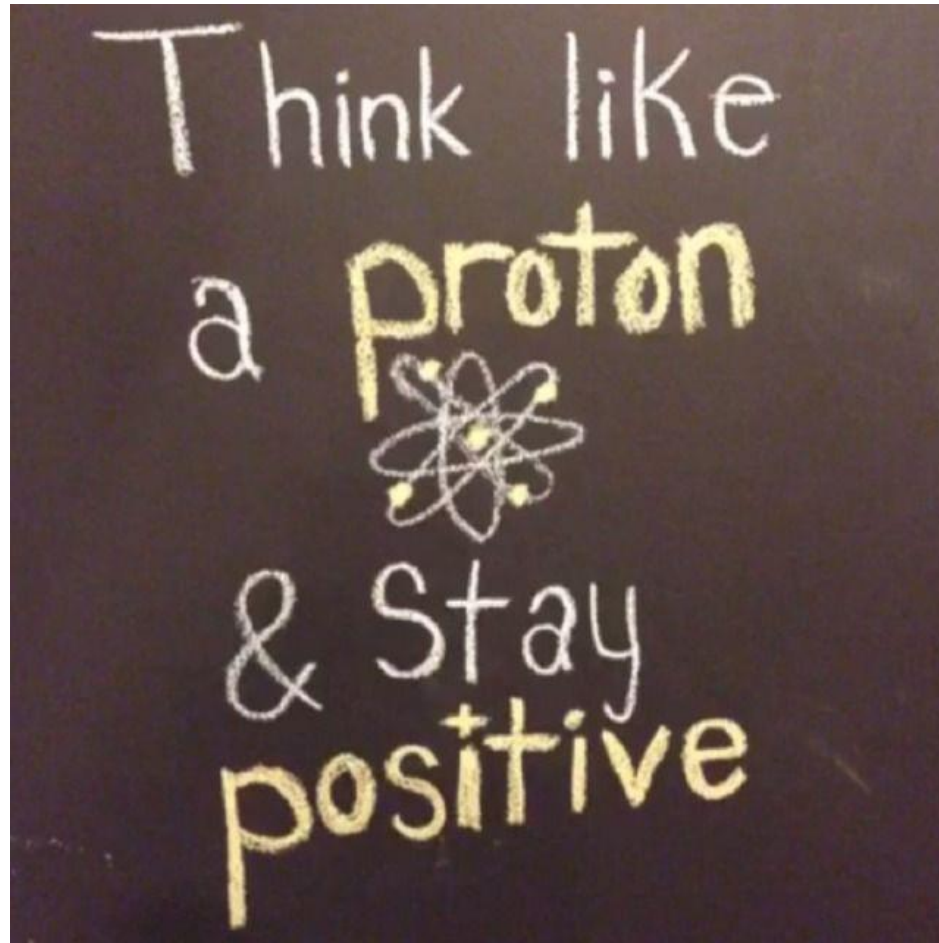

www.cern.ch/virtual-hadron-therapy-centre

... and much more!

The collaborative spirit of particle physics and medical applications

Thanks for your attention!!!
