Saturday morning

Saturday 17 September

08:30

Saturday morning

Session | **Location:** | **Convener:** Christine Nattrass

08:30–09:05 **The Initial Stage of Colliding Nuclei and Hadrons**

Speaker

Prithwish Tribedy

09:05–09:25

Achieving High Baryon Densities in the Fragmentation Region in Heavy Ion Collisions at Top RHIC Energy

Speaker

Ming Li

09:25–09:45

Initial conditions for hydrodynamics from weakly coupled pre-equilibrium evolution

Speaker

Aleksas Mazeliauskas

09:45–10:15 **Coffee break**

10:15–10:35 **Study of Drell-Yan pair production on nuclear targets**

Speaker

Mr Michal Krelina

10:35–10:55 **Event-By-Event Initial Conditions for Heavy Ion Collisions**

Speaker

Steven Rose

10:55–11:15

Quark mass thresholds in QCD thermodynamics and charm fluctuations in QGP

Speaker

Dr Thorben Graf

11:15–12:00 **Discussion session**

12:00
