

# NanoThailand 2016

**Sunday 27 November 2016 - Tuesday 29 November 2016**

**THE GREENERY RESORT KHAO YAI**

## Scientific Programme

The aim of this conference is to promote international exchanges of discussion between researchers in nanotechnology and practitioners from academia and industry through plenary and invited lectures, oral and poster presentations, as well as workshop on the progress in various fronts of nanotechnology and related topics.

Programme

**Nanomaterials & nanostructures**

**Theory and simulation related to nanosystem**

**Nano-energy & storage**

**Environmental nanotechnology**

**Nano-medicine & biotechnology**

**Nano-agriculture**

**Nano-characterization & instruments**

**Nano-fabrication & manufacturing**

**Nano-safety**

**Nano-electronics/systems**

## **Other related topics**
