

Session Program

24-27 Mar 2009

4th Crystal Channeling Workshop 2009

***On the possibilities of observation of proton
volume reflection from different crystal
planes in one crystal***

CERN, 593-R-010

Thursday 26 March

11:00

11:20

On the possibilities of observation of proton volume reflection from different crystal planes in one crystal

Session | Location: CERN, 593-R-010
