Quick access from airports

35-45 min from airport to city center by Aeroexpress
2-4 stops by metro
Campus

Campus NUST MISiS is conveniently located in the center of Moscow.

In June, the weather in Moscow is very comfortable, the average temperature is 22-25 degrees.
National University of Science and Technology MISiS

NUST MISiS is one of the most dynamically developing scientific and educational centers of the country. Being among the leaders in technological education in Russia, NUST MISiS is also a successful research center with a rich history of achievements in the field of material science, modeling and development of new materials. We are proud to mention that Professor Alexei Abrikosov, a Nobel Prize winner for discoveries concerning type-II superconductors, headed the Department of Theoretical Physics of the University for many years.
Location

There are many important cultural sites within a radius of 2 km from the University such as the Kremlin, Red Square, the Bolshoi Theatre, Tretyakov Gallery of Fine Arts, Gorky Park etc.

Hotels

There are many accommodation options that meet any budget in the area of the campus and the location in central Moscow: hotels within walking distance of the campus from 20 euros / night, standard 4* chain-branded hotel in the center of the city for about € 100 / night, or even luxurious five-star hotels near the Red Square. Hotels of all the major international hotel groups (Radisson, Holiday Inn, Kempinski, Novotel etc) can be found in the city. Accommodation for students is recommended in the NUST MISiS hostel – one of Russia's best university hostels – at the price of 10 euros / night. It is located just a few minutes away by public transport to NUST MISiS.
