The screenshot shows the Indico event page for the French Teacher Programme 2016. The header features the French flag and the event title. Below the header, the dates (16-21 October 2016) and location (CERN, Europe/Zurich timezone) are displayed. A search bar is present on the right. The main content area includes a description of the program, contact information for administrative support (Maureen.Prola-Tessaur...), and details about the program manager (Jeff Wiener). It also lists the start and end times, the location (CERN), and the names of the organizers (Claire Bonnoit-Chevalier, Jeff Wiener, Nicolas Arnaud). A 'Materials' section indicates that there are no materials yet. An information box at the bottom provides details about the scientific program and agenda, and mentions that more precise information will be sent by email.
