

# **QCD@LHC 2016**

**Monday, 22 August 2016 - Friday, 26 August 2016**

**Zurich**

## **Scientific Programme**

The workshop aims at instigating discussions and future work between experimenters and theorists, working on strong interactions at the LHC. Topics to be discussed include:

Latest results from the LHC on Soft and Hard QCD

Theory of Jets

Parton Density Functions

Higher Order Calculations

Event Simulations

Resummation

Top Physics

Higgs Physics

QCD for BSM studies
