

## Applications: space and astronomy

*Friday 15 July 2016 16:30 (1h 30m)*

Application of photodetectors in ground and space astrophysics instruments. CD and CMOS Imaging Devices for Ground Based Telescopes and Space Missions. Cosmic ray and VHE particle detection with solid state photo-sensors.

### Summary

**Authors:** GASCON, David (University of Barcelona (ES)); Prof. GÓMEZ, Jose M. (ICCUB-IEEC)

**Presenters:** GASCON, David (University of Barcelona (ES)); Prof. GÓMEZ, Jose M. (ICCUB-IEEC)

**Session Classification:** Light detection
