The Fifth Annual Large Hadron Collider Physics conference (LHCP2017)

Monday, 15 May 2017

Plenary - Higgs - AnTai A300 (16:30 - 18:54)

-Conveners: Daniel Froidevaux; Juan Alcaraz Maestre

time	[id] title	presenter
16:30	[11] Theoretical implications of our current understanding of the Higgs boson, and future prospects	LOW, Ian LOW, Ian
16:54	[12] Higgs properties I - New results	PIEDRA GOMEZ, Jonatan
17:18	[301] Higgs properties II - Higgs combinations	CHEN, Mingshui
17:42	[13] Higgs Yukawa couplings	AAD, Georges
18:06	[14] Rare production and decay channels	MORLEY, Anthony
18:30	[15] Searches for additional Higgs bosons	XIAO, Meng
