

Session Program

14-16 Sept 2016

Advanced Low Emittance Rings Technology (ALERT) 2016 Workshop

Beam transfer systems

Trieste, Italy

SAVOIA EXCELSIOR PALACE Riva del Mandracchio, 4 34124 Trieste Italia

Thursday 15 September

09:00

Beam transfer systems

Session | **Location:** Trieste, Italy, SAVOIA EXCELSIOR PALACE Riva del Mandracchio, 4 34124 Trieste Italia

09:00–09:30

Production of round beams

Speaker

Dr Peter Kuske

09:30–09:55

Development of Multipole Injection Kicker for SOLEIL and MAX IV

Speaker

Mr Pierre Lebasque

09:55–10:20

Stripline kicker development at ALS

Speaker

Dr Cristoph Steier

10:20–10:45

Transient studies of the stripline kicker for beam extraction from the CLIC damping rings

Speaker

Dr Carolina Belver Aguilar

10:45–11:10

Inductive adders ultra-stable kicker pulse generation

Speaker

Janne Holma

11:10
