

# Advanced Low Emittance Rings Technology (ALERT) 2016 Workshop

## Friday 16 September 2016

### Vacuum and other Key technologies and engineering (11:00-13:15)

time	[id] title	presenter
11:00	[46] MAX IV 3 GeV ring vacuum system	Mr GRABSKI , Marek
11:25	[47] Vacuum systems for DDBA and lessons learned for Diamond-II	Dr COX, Matthew
11:50	[48] Experience and future trends of Harmonic RF systems	Dr BYRD, John
12:15	[49] Transverse and horizontal beam size diagnostics with visible SR	Dr ANDERSSON, Åke
12:40	[50] Particle Accelerator Components' Metrology and Alignment to the Nanometre scale (PACMAN)	MODENA, Michele
13:05	[51] Discussion
