- The last PanDA Workshop was more than 2.5 years ago!
- We discussed JEDI, DEFT, Event Service, BigPanDA etc
- It was an exciting time, with many new projects getting started – all completed successfully for Run 2
- We expect more this time!

The next Two Days

- Meeting Goal: discuss plans for the future
- Discussions are more important than talks
- We need new ideas to meet new challenges and increase automation
- Don't forget Dinner tonight: luigia.ch @ 19:30
- There may be surprise visit from young pandanistas, like last time
