

# 6th International Workshop on Mechanisms of Vacuum Arcs (MeVArc 2017)

## Monday, 20 March 2017

### Field Emission Theory and Experiments: field emission 1 (14:00 - 17:00)

time	[id] title	presenter
14:00	[37] Vacuum Field Emission Models, Measurements, and Simulations	HOPKINS, Matthew
14:30	[28] News from DC-pulsed system at CERN	PROFATILOVA, Iaroslava
15:00	[10] Dark and Breakdown Currents Studies with RF and In-SEM Field Emission Studies.	JACEWICZ, Marek
15:30	break	
16:00	[26] Update on the status of field electron emission theory	Dr FORBES, Richard
16:30	[22] A generalized method for calculating electron emission and thermal evolution of metal nanotips	Dr KYRITSAKIS, Andreas
