## First part: HFM-EuCard workpackage

**Session** | **Location:** CERN, 40-S2-C01, Bldg. 40-S2-C01

### 10:15–10:30 Summary of the workpackage

**Speaker**

Gijs De Rijk

### 10:30–11:00 Proposal workpackage organization

**Speaker**

Gijs De Rijk

### 11:00–11:20 Discussion on the proposal

### 11:20–11:35 Task 2: Support studies

**Speaker**

Gijs De Rijk

### 11:35–11:50 Task 2: Status of organization and planning

**Speaker**

Maciej Chorowski

### 11:50–12:00 Task 3: High field model

**Speaker**

Gijs De Rijk

### 12:00–12:20 Task 3: Status of organization and planning

**Speaker**

Mr Jean-Michel Rifflet

### 12:20–12:30 Task 4: Very high field dipole insert

**Speaker**

Gijs De Rijk

### 12:30–12:50 Task 4: Status of organization and planning

**Speaker**

Eric MOSSANG

### 12:50–14:00 Lunch

### 14:00–14:10 Task 5: High Tc superconducting link

**Speaker**

Gijs De Rijk

### 14:10–14:30 Task 5: Status of organization and planning

**Speaker**

Amalia Ballarino

15:30

14:30-14:40

**Task 6: Short period helical superconducting undulator**

**Speaker**

Gijs De Rijk

14:40-15:00

**Task 6: Status of organization and planning**

**Speaker**

Jim CLARKE

15:00-15:30

**Summary**
