HEPiX Benchmarking Working Group - Status Report HEPiX Fall 2016

Wednesday 19 October 2016 09:00 (25 minutes)

The HEPiX Benchmarking Working Group has been relaunched in spring 2016. First tasks are:

- Development and proposal of a fast benchmark to estimate the performance of the provided job slot (in traditional batch farms) or VM instance (in cloud environments)
- Preliminary work for a successor of the HS06 benchmark

This talk provides a status report of the work done so far.
