

## **Session Program**

**17-21 Oct 2016**

## **HEPiX Fall 2016 Workshop**

### ***Security & Networking***

LBL, Building 50 Auditorium  
Berkeley, CA 94720

# Monday 17 October

15:50

## Security & Networking

**Session** | **Location:** LBNL, Building 50 Auditorium, Berkeley, CA 94720

15:50–16:15 **Platform Providing Network Awareness to ATLAS and Beyond**

**Speaker**

Ilija Vukotic

16:15–16:40 **Upgrade of network connection between KEK and SINET**

**Speaker**

Soh Suzuki

16:40–17:05 **SDN-enabled Intrusion Detection System**

**Speaker**

Adam Lukasz Krajewski

17:05–17:30 **SDN Implementation in IHEP**

**Speaker**

Mrs SHAN ZENG

17:30

# Tuesday 18 October

14:00

## Security & Networking

**Session** | **Location:** LBNL, Building 50 Auditorium, Berkeley, CA 94720

14:00-14:25

### Plans to support IPv6-only CPU on WLCG - an update from the HEPiX IPv6 Working Group

**Speaker**

Dave Kelsey

14:25-14:50

### Security Update

**Speaker**

Hannah Short

14:50-15:15

### Pre-Studies for Wi-Fi service enhancement at CERN

**Speaker**

Adam Wojciech Sosnowski

15:15-15:40

### Wi-Fi service enhancement at CERN

**Speaker**

Vincent Ducret

15:40

16:10

## Security & Networking

**Session** | **Location:** LBNL, Building 50 Auditorium, Berkeley, CA 94720

16:10-16:35

### Cloud Services - Network realities

**Speaker**

Tony Cass

16:35-17:00

### Can we trust eduGAIN?

**Speaker**

Hannah Short

17:00

# Thursday 20 October

17:25

## Security & Networking

**Session** | **Location:** LBNL, Building 50 Auditorium, Berkeley, CA 94720

17:25-17:50

### **Effective and non-intrusive security within NERSC's Open Science HPC environment**

**Speaker**

Abe Singer

17:50
