

CALIFES workshop 2016

Practical information

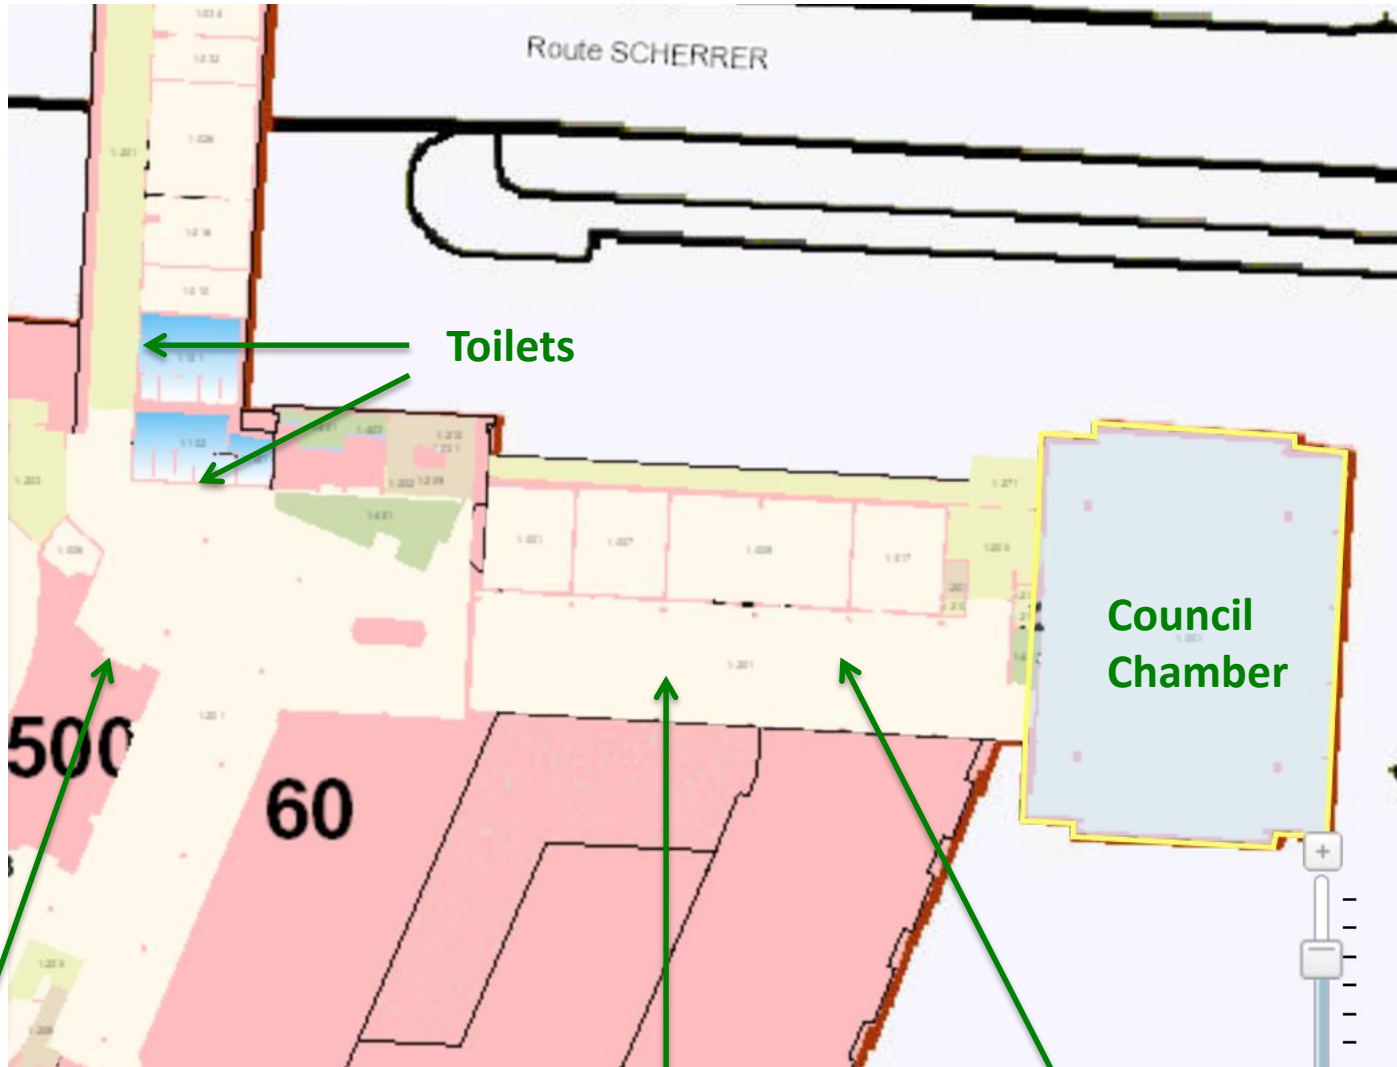

Erik Adli

Dep. of Physics, University of Oslo, Norway and CERN

October 10, 2016

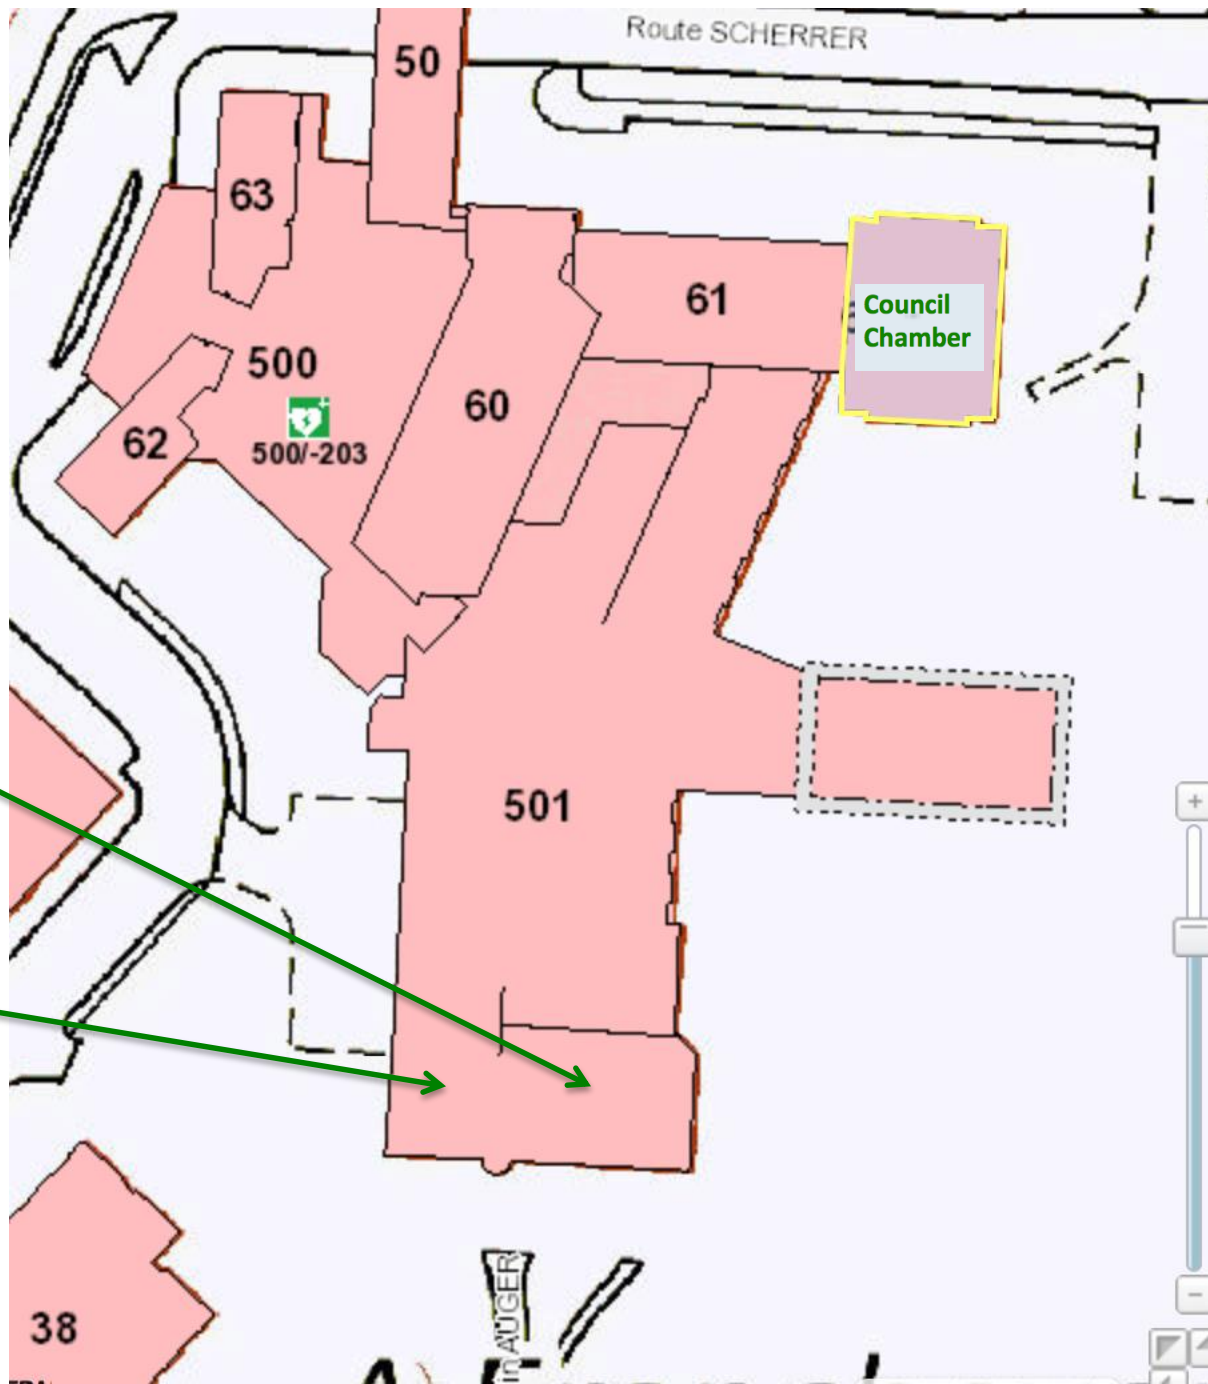

The workshop will take place here, in the Council Chamber all three days.

Stairs to Restaurant 1
(workshop dinner Monday,
lunch)

Registration desk

Coffee breaks (served in the Hall)

Official workshop dinner tonight, CERN Restaurant 1, one floor below the Council Chamber.

Welcome drink, 19h00, in the end of the restaurant facing the CERN hostel.

Followed by dinner in the "Glassbox", next by.

Visits: visits are scheduled lunch time Tuesday, two time slots :

- Meet at **12:15:** Last names starting from **A-K**
- Meet at **13:15:** Last names starting from **L-Z**

Any question about the time slot, please see Alexia at the registration desk.

Meeting point for visits:
just outside building 2010
(big CLIC picture on the wall).

Estimate about 5-10
minutes walking from
Council Chamber or hostel.

Bring a jacket.

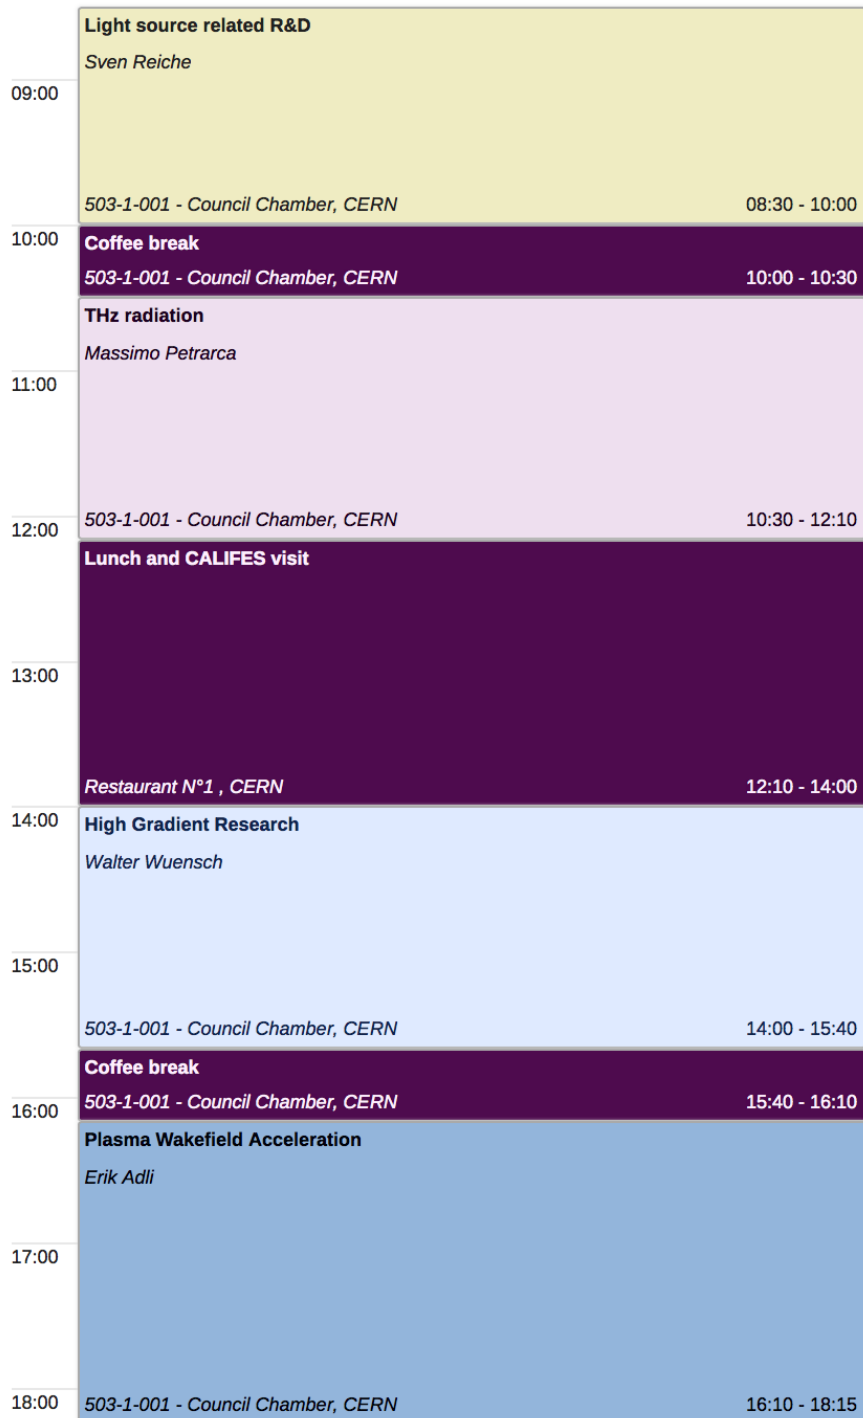

Topics organized into nine sessions.

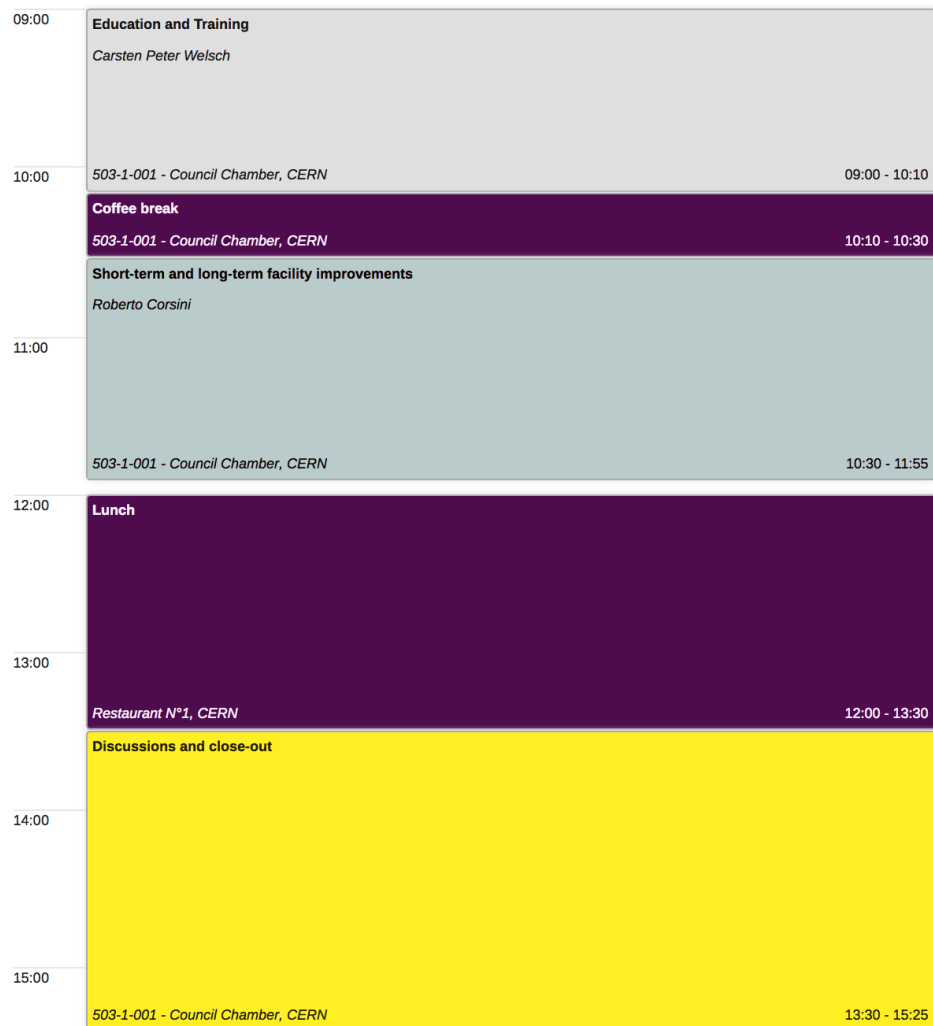

No parallel sessions. All sessions located in the council chamber.

The session leaders will write a short summary of each session, to be sent to the LOC.

14:00	Welcome and introduction <i>503-1-001 - Council Chamber, CERN</i>	14:00 - 14:45
15:00	Beam Instrumentation <i>Thibaut Lefevre</i> <i>503-1-001 - Council Chamber, CERN</i>	14:45 - 16:05
16:00	Coffee Break <i>503-1-001 - Council Chamber, CERN</i>	16:05 - 16:35
17:00	Impedance measurement <i>Benoit Salvant</i> <i>503-1-001 - Council Chamber, CERN</i>	16:35 - 17:45
18:00	Radiation tests <i>Markus Brugger</i> <i>503-1-001 - Council Chamber, CERN</i>	17:45 - 19:00
19:00	Dinner	

- We start precisely **08:30** on Tuesday (long day).
- We start 09:00 on Wednesday.
- Program ends at latest Wednesday at 1530.

Please upload you talk in advance

(several ways possible)

Click on Speaker List, here:

- Overview
- Timetable
- Speaker List

It has been proposed to convert the 200 M the CLIC Test Facility 3 (CTF3), into a new
The foreseen use of such a facility is not contrary we seek input and ideas from 1

Then under your name, click at the talk :

Adli, Erik University of Oslo (NO)

- Speaker at [Introduction](#)
- Speaker at [Practical information](#)

boogert, Stewart Royal Holloway, University of London

Speaker at [BI developments for CLIC/Hilumi](#)

Then here :

Speaker

 Erik Adli (University of Oslo (NO))

 [Presentation Materials](#)

There are no materials yet.

Talks

- Almost 40 talks in little more than two days
- Important to keep to the allocated speaking time (the session leaders will help you), and keep focus
- We have put at least 5 min. discussion time for each talk (session leaders will steer the discussion)
- If you lack of time, better to skip generalities rather than CALIFES-specific details (i.e. how does the planned R&D fit with CALIFES?)

Any **questions** about the workshop and the practical details?
