

WP -12: Accelerator Prototyping and Experiments at Test Facilities

Planned deliverables

- (1) Form a section on the webpage regarding potential experimental facilities where tests can be conducted (can be done fairly easily)
- (2) Have a brief write-up regarding these facilities and access mechanisms (can be done in 6 months time)
- (3) Approach these facilities on behalf of EuPRAXIA and see what's the best method for access is (discussion at the Pisa meeting)
- (4) Form another section on the webpage regarding the progress in various work packages (can be done easily)

Personnel:

Rajeev Pattathil
Andrea Mostacci
Dan Symes
