Plenary speakers

- Very difficult to get positive answer
- 10 speakers out of 22 talks are identified...

Process to decide frequency

1. Hear arguments from each proponent (Jun 3, today) and free discussion
2. Do anonymous doodle poll just to see opinion distribution, but NO decision (in June?)
3. Another face-to-face discussion at Vietnam
4. Unanimous consensus is pursued
5. But if not reached, decision vote will be made
