Particle physics - OUTREACH IN FRANCE

Meeting EPPOG 5-6/10/06
At CERN

6/10/06

A.de.Bellefon-EPPOG meeting
10/06 at CERN

Situation of France

2 funding agencies CEA and CNRS

20 labs of which about 13 involved in the LHC

Some of LHC experiments on (under)the French ground

Communication : projects

2005 : the world year of physics

- a poster about the Big-Bang for the high schools
- an web site : “From the origins of the universe to the origins of the life”

CENTRE NATIONAL DE LA RECHERCHE SCIENTIFIQUE

Since 2006 :

I am in charge with the IN2P3 communication

In close connection with CNRS (new position

Scientific communicator for the PNPP department)

But 2006 is the polar year !

New Projects are :

Cosmic rays in College

<http://relyc.free.fr/>

And the old actions :

Nepal, News letter, web site ,

In 2007 will be mainly devoted to LHC
([Perrine Royole-Degieux](#))

Several ideas are listed :

- WEB site with DSM-DAPNIA
- Film Docu-soap with TV (in progress)
- Find places in region to make conferences or event
In connection with CERN Control room
- a national event
- dressing of metro station or buses
- Pictures on the Luxembourg Gates

The two infinities
Last century

One thema each month

From Clermont

Idea to contact townhall in several cities where
We have a lab.

Project to realize an event with « cite des sciences »
Connecting la Cité with the beam Control room
Or an experiment control room via internet connections.

I heard of :

Visit of the president J-F Hebert on the 7th of november at
CERN

Could be a good idea to inform someone on our side
Discussions have already started with « B.de.Baritault »
À la cité.

Visit of he new Director of the CNRS communication
Early next year

Questions to CERN

- When is the start-up ?
- When will we know about it ?
- National or international event ?
- How coordinate our national actions with CERN ?
