

Hardware Commissioning Day

Contribution ID: **10**

Type: **not specified**

How does it look altogether

Thursday 19 March 2009 15:00 (25 minutes)

- When can we start?
- How long will it take?
- Before nQPS: early measurements of bad splices with Cryogenic calorimetric measurements in sector 23 and 45 –when and how?
- How long from 4 TeV to 5 TeV? How many steps to be done? Impact on commissioning?

Presenter: VERGARA FERNANDEZ, Antonio

Session Classification: Session 3b: Powering, Power Converters, QPS&EnergyExtraction
