16:20–16:50

High precision data on pion-proton elastic cross-section**Speaker**

Dmitry Svirida

16:50–17:20

Search for narrow resonances in πp elastic scattering from the EPECUR experiment**Speaker**

Nikolay Kozlenko

17:20–17:40

Mass spectra of singly bottom baryon Ω_b^- - using the Hypercentral Constituent Quark Model**Speaker**

Ajay Kumar Rai

17:40–18:00

Spectroscopy and decay properties of D meson**Speaker**

Virendrasinh Kher

18:00
