

22nd International Workshop on

# *Weak Interactions and Neutrinos* WIN'09

Electroweak Symmetry Breaking

Weak Decays, CP Violation and CKM

Neutrino Physics

Dark Matter

**September 14-19, 2009 Relais San Clemente - Perugia**

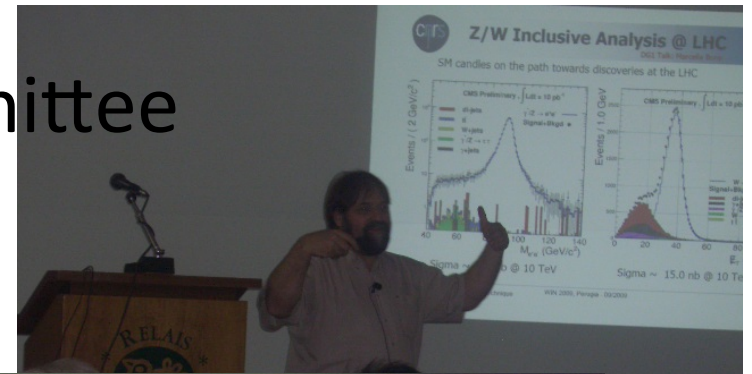

# Thanks for a great workshop!

- 143 participants
- 111 very interesting talks
- ...not to mention ... the great Herbert Pietschmann's guided tour in Beethoven masterpieces

this would never be possible without  
the great effort of:

- The Organizing Committee
- The DG Leaders & DG Contributors
- The Introductory plenary speakers
- The Scientific Secretariat
  - Maddalena Antonello

this would never be possible without  
the great effort of:

- The Conference staff:
  - Fausto Chiarizia
  - Fabio Di Bernardini
  - Gino Chiarizia

MANY THANKS to ALL

# MANY THANKS also to

- The Relais San Clemente General Manager:

- C. Simonetti  
and

- The Staff of Relais San Clemente, where the WIN philosophy “Maximum relaxation and minimum distraction” was nicely applied
