

Session Program

14-19 Sept 2009

**22nd International Workshop on Weak
Interactions and Neutrinos**

DG1 + DG4 - Combined Session

Strada Passo dell'Acqua, 34 - 06134 Bosco PERUGIA, Italy
<http://win09.lngs.infn.it>

Wednesday 16 September

15:30

DG1 + DG4 - Combined Session: GeV scale hidden sectors/Dark Matter

Session | Location: Strada Passo dell'Acqua, 34 - 06134 Bosco PERUGIA, Italy, Sala Orsini, <http://win09.lngs.infn.it>

15:30-15:55

The High Energy Cosmic Ray Electron Spectrum measured with the Fermi Space Telescope: some possible interpretations

Speaker

Dario Grasso

15:55-16:20

Dark Matter and Antimatter Searches in the Cosmic Radiation and the PAMELA experiment

Speaker

Paolo Papini

16:20-16:45

GeV scale hidden sector at colliders

Speaker

Matthew Reece

16:45-17:00

Discussions

17:00
