International Vilnius Airport is the main international airport in Lithuania with permanent luggage storage, currency exchange at the arrival hall, cafés and 2 airport hotels nearby.

## Transportation:

### Taking a taxi

A regular cab will charge you approximately 10 € for the ride from airport to Comfort Hotel LT and 5-15 € from city center to meeting venue. It is favorable to call a taxi by phone or mobile application, even if you see a taxi on the street nearby. Street taxis might charge you twice the price of the corresponding taxis called by phone. Good practice is to dial the number written on the vehicle you see, tell dispatcher the address you're at, and you will most likely get the same vehicle for a fair price. [Taxify](#) and [Uber](#) is a convenient mobile apps for taxi booking, covering hundreds of verified taxis in Vilnius working with leading taxi companies. The apps work on Android and iOS devices: choose your taxi by location/distance, price list, car model, card payment and user reviews. If you have problems after the ride, easily report via the app and they will deal with the issue or driver.
