

ORGANISATION EUROPÉENNE POUR LA RECHERCHE NUCLÉAIRE
CERN **EUROPEAN ORGANIZATION FOR NUCLEAR RESEARCH**

COUNCIL

Hundred-and-second Session

Geneva - 23 June 1995

**CONTRIBUTIONS OF THE CZECH REPUBLIC, HUNGARY,
POLAND AND THE SLOVAK REPUBLIC**

On 29 September 1994, Committee of Council, when discussing the question of the contributions of the Czech Republic, Hungary, Poland and the Slovak Republic (CERN/CC/2061), also examined the proposal that until the Net National Incomes of these countries are available, it should be assumed that in each case the NNI is equal to 76.6% of the Gross Domestic Product, which is the simple average for all the other Member States.

At its 16 December 1994 Session (CERN/2079), Council approved the transition contributions arrangement for these four countries (CERN/2069).

To allow the calculation of the contributions of these countries, Council is now invited to approve the above-mentioned proposal.
