

## **Session Program**

**16-20 Jan 2017**

## **1st FCC Physics Workshop**

### ***BSM searches: neutrinos and LLPs***

CERN, 222/R-001

# Wednesday 18 January

16:30

## BSM searches: neutrinos and LLPs

**Session** | **Location:** CERN, 222/R-001 | **Conveners:** Riccardo Torre, Matthew Philip Mccullough

16:30-16:55 **Neutral LLP searches at FCC**

**Speaker**  
David Curtin

16:55-17:20 **Charged LLP searches at FCC**

**Speaker**  
Dr Sho Iwamoto

17:20-17:45 **Heavy neutrinos at FCC (implications for the detector design)**

**Speaker**  
Alain Blondel

17:45-18:10 **Golden channels for heavy neutrino searches at the FCC**

**Speaker**  
Eros Cazzato

18:10-18:30

### Search for Sterile Neutrinos in Tripleton Final States at Hadron Colliders

**Speaker**  
Kechen Wang

18:30-18:50 **Sterile neutrino searches at FCC-ep**

**Speaker**  
Oliver Fischer

19:00
