Contribution ID: **95**   Type: **not specified**

LHC Integration & RF Systems

Thursday 17 September 2009 08:45 (20 minutes)

Cryomodule interfaces, transport, tunnel installation, alignment, high voltage and RF power RF stations, RF valves and vacuum pumps, sensors and monitoring, reference signals, controls and feedback, cooling and ventilation, radiation issues and shielding, hardware safety

Author: TUCKMANTEL, Joachim (CERN)

Presenter: TUCKMANTEL, Joachim (CERN)

Session Classification: Crab Cavity Integration
