

Session Program

30-31 Mar 2017

Taming Unphysical Scales for Physical Predictions

Afternoon Session I: $H/W/Z$ + jets

Emmanuel College, Cambridge
University of Cambridge, Cambridge, UK

Thursday 30 March

13:45

Afternoon Session I: H/W/Z + jets

Session | **Location:** Emmanuel College, Cambridge, University of Cambridge, Cambridge, UK

13:45-14:05

Scales for top quark production with a jet including decays and off-shell effects through NLO

Speaker

Malgorzata Maria Worek

14:05-14:25

Discussion 20'

14:25-14:55

Lessons from Measurements of W/Z/H+jets production

Speaker

Prof. Joey Huston

14:55-15:15

Discussion 20'

15:15-15:40

Scales for Z/H in association with a jet through NNLO

Speaker

Nigel Glover

15:40-16:00

Discussion 20'

16:00
