

Session Program

30-31 Mar 2017

Taming Unphysical Scales for Physical Predictions

Afternoon Session II: Alternative methods to scale setting

Emmanuel College, Cambridge
University of Cambridge, Cambridge, UK

Thursday 30 March

16:30

Afternoon Session II: Alternative methods to scale setting

Session | **Location:** Emmanuel College, Cambridge, University of Cambridge, Cambridge, UK

16:30-16:40

Optimal choice of factorisation scales for the description of jet production at the LHC

Speakers

Alan Martin, Mikhail Ryskin, Nigel Glover

16:40-16:50

Discussion 10'

16:50-17:20

BLM/PMC scale setting and its applications to collider physics

Speaker

Stanley J. Brodsky

17:20-17:35

BLM/PMC in top-pair production

Speakers

Alexander Mitov, Herschel Chawdhry

17:35-18:05

Discussion 30'

18:05
