

III Saha Theory Workshop: Aspects of Early Universe Cosmology

Wednesday, 18 January 2017

Wednesday Noon Session - Auditorium (11:30 - 12:55)

-Conveners: Stefan Antusch

time	[id] title	presenter
11:30	[20] Baryogenesis from Primordial Black Holes	ISO, Satoshi
12:05	[21] Bell violation in the Sky	CHOWDHURY, Sayantan
12:40	[22] Constraints on cosmological viscosity and self-interacting dark matter from gravitational wave observations	GOSWAMI , Gaurav
