

How to help global teams to succeed

Wednesday 14 December 2016 15:00 (15 minutes)

Virtual collaboration brings additional challenges to co-located co-creation, concentrating on the effects that virtual collaboration has on nine key design activities, such as reframing the problem or concept specification. In this talk Tuuli Utriainen and Joonas Kurikka, Researchers and Student Course Coordinators from CERN Ideasquare also present an exercise that teams can run in the beginning of their projects in order to better anticipate challenges later on.

Presenters: KURIKKA, Joonas Juhani (Helsinki University of Technology (FI)); UTRIAINEN, Tuuli Maria (Helsinki University of Technology (FI))

Session Classification: Open Collaboration Day
