

Session Program

21-25 Sept 2009

EGEE'09 - Uniting our strengths to realise a sustainable European grid

Federation and interoperability of Earth Science Digital Repositories: data discovery, access and visualization

Hotel Barcelo Sants
Barcelona

Thursday 24 September

11:00

Federation and interoperability of Earth Science Digital Repositories: data discovery, access and visualization

Session | **Location:** Hotel Barcelo Sants, L'Eixample, Barcelona

11:00-11:20

GENESI-DR: a single access point to a distributed network of Earth Science DRs

Speaker

Roberto COSSU

11:20-11:40

GEOGrid

Speaker

Isao KOJIMA

11:40-12:00

Earth Science Application Development Methodology by ESIP and gProcess Platforms

Speaker

Dorian Gorgan

12:00-12:20

An interoperability architecture for geospatial resources

Speaker

Paolo Mazzetti

12:20-12:40

EnviroGrids: a grid-enabled SDI for the sustainable Development of the

Speaker

Dr Nicolas Ray

12:40-12:50

Cooperation between GENESI-DR and the EGEE Earth Science Cluster

Speaker

André Gemünd

12:50-13:00

Discussion

13:00
