

Session Program

17-29 Aug 2017

6th International Conference on New Frontiers in Physics (ICNFP2017)

H. Oeschler Memorial Session

Thursday 24 August

15:00

H. Oeschler Memorial Session

Session | **Location:** Room 1 (Auditorium, Main Session) | **Convener:** Jean Cleymans

15:00–15:30 **Helmut's Oeschler's early days at GSI**

Speaker

Peter Senger

15:30–16:00 **Helmut Oeschler and Particle Chemistry in Heavy Ion Collisions**

Speaker

Jean Cleymans

16:00

16:30

H. Oeschler Memorial Session: Session 4

Session | **Location:** Room 1 (Auditorium, Main Session) | **Convener:** Jean Cleymans

16:30–17:00 **Linking the particle yields data in HIC and lattice QCD results**

Speaker

Krzysztof Redlich

17:00–17:30 **Using the Tsallis distribution for hadron spectra in pp collisions**

Speaker

Dr Smbat Grigoryan

17:30–18:00 **Probing resonance matter with HADES**

Speaker

Dr Malgorzata Gumberidze

18:30
