

## **Session Program**

**26-30 Aug 2017**

# **Workshop on Ions for Cancer Therapy, Space Research and Material Science**

***Accelerators***

# Wednesday 30 August

14:00

## Accelerators

**Session** | **Location:** Chania, Crete, Greece | **Convener:** Marco Pullia

14:00–14:30 **Opportunities for ion accelerators in medicine and industry**

**Speaker**

Maurizio Vretenar

14:30–15:15 **Carbon linac developments in TERA and ADAM**

**Speaker**

Alberto Degiovanni

15:15–15:45 **Medical applications of high frequency high gradient structures**

**Speaker**

Walter Wuensch

15:45–16:15 **Linacs in heavy ion beam therapy facilities**

**Speaker**

Bernhard Schlitt

16:15
