Thursday 4 June

11:30

Particle physics outreach in science centres and museums

Session |

Location: National Museum of Science and Technology, Milan, Italy, Purple Room, Main Building, Museo Nazionale della Scienza e della Tecnologia "Leonardo da Vinci" Via Olona 6, 20123 Milano www.museoscienza.org

11:30-11:55

How particle physics has captured the imagination of the public"

Speaker

Thomas Naumann

11:55-12:20

What scientists contribute to particle physics outreach

Speaker

David Barney

12:20-12:30

Astroparticle Physics Tools for Outreach

Speaker

Stavros KATSANEVAS

12:30-12:55

Highlights from evaluation of the Big Bang exhibition

Speaker

Jo Quinton-Tulloch (The Science Museum London)

13:00
