

# Leonid Oliffer

My name is Leonid (please, call me Leo :) ) Olifer. I'm studding in Kyiv Polytechnic Institute, in the Applied Physics Department. Before coming to the CERN Summer Student Program I participated in different projects where was doing computer simulations about creating of a new materials, hydro- and astro- dynamics. Now I'm taking part in the LHCb experiment where working on the fast Monte Carlo simulations.

Hobbies: Kendo (Japanese fencing), reading and cooking.
